Section 2: Student Conduct

Students are responsible for knowing and abiding by the BSW program policies found in the BSW Manual. The manual can be found online at www.staugustine.edu within the Bachelor of Social Work webpage.

NASW Code of Ethics

Students in the BSW program are also expected to abide by the NASW Code of Ethics as it applies to their studies in the social work program. Applicants to the social work program are to read the NASW Code of Ethics prior to applying and sign in the following section to confirm that they have read the Code of Ethics. A copy of the Code of Ethics can be accessed at <https://www.socialworkers.org/About/Ethics/Code-of-Ethics>

Technology and Email Expectations

All students are responsible for maintaining a free St. Augustine College e-mail account (provided through the school) and are expected to use it weekly for student –faculty communications. It is also recommended that students purchase a personal laptop computer with internet access before taking upper level courses at SAC. While this is not yet a formal requirement, it is helpful in meeting course requirements. Students are advised to consult with the Department of Institutional Technology before purchasing new laptops so that their computer will be compatible with the resources of the school and on-line library. The IT department may be able to assist in recommending low cost laptops or software purchase options.

BSW Academic Performance

Students must pass all BSW Required Core Courses with a “C” grade or better to graduate from the program. Additionally, students must maintain a 2.75 minimum cumulative GPA to avoid being given an Academic Warning. Academic Warning means that the student must reach the required cumulative GPA of 2.75 before starting field placement and before graduating.

Assessment

Students enrolled in BSW courses and/or admitted to the BSW program may take a number of assessment tests or submit assignments used for assessment purposes. All assessment measures help the program determine whether the college is meeting the mission, learning goals, and outcomes of the program. Students are encouraged to ask questions and become informed about the assessment process and the competencies for social work.

Tutoring services

St. Augustine College offers tutoring for students in math, science, and English writing. Social Work faculty are available for tutoring social work content on an as-needed basis.

Learning Disabilities and Learning Assistance (ADA) Policies and Procedures

Students who have a special, documented need for a reasonable accommodation based upon a permanent, temporary or episodic disability in order to perform to the expectations of college work, must provide that documentation to the Office of Academic Advising at any St. Augustine campus and complete a Request for Services Form.

Section 5: BSW Department Policy Regarding Students with a Felony Conviction

Students in the St. Augustine College BSW program are prepared for generalist social work practice. As part of the program, students complete a field practicum (internship) under formal supervision in a social service agency. Some of these agencies require that student interns undergo a formal background check before being accepted as an intern. A felony conviction for which the sentence has been served does not need to be a barrier to completing a BSW internship or a future career in social work. In some cases rehabilitative programs may have provided valuable life experience that will transfer to the practice of social work. For many the experience of rehabilitation has resulted in increased skills and empathy for others, as well as the motivation to extend the learning from life experience and rehabilitation to others.

However, a student with a felony conviction may find that the opportunities in the social work field are limited. For example, social workers often serve vulnerable populations and therefore social service agencies have a responsibility to minimize the risk of harm for these populations. This may result in policies that include not hiring persons with a felony conviction. Some states may also refuse to license, as a social worker, those graduates with some types of felony convictions. Additionally, being convicted of a felony while being a student at St. Augustine may affect a student's ability to start the field practicum, secure a field placement, or in some cases graduate from the BSW program.

Students are encouraged to inform the BSW field director, the chair of the BSW program, and potential field practicum sites if they have been convicted of a felony. The BSW program may be requested to let potential field practicum sites know that a potential intern has a past felony conviction, and the nature of the conviction, so that appropriate internship activities can be planned and protection of vulnerable individuals assured. This honesty may decrease the number and kinds of field opportunities that students are eligible to do in the field practicum.

A student's disclosure of a felony conviction will be kept confidential. However, depending on the field placement, St. Augustine may be required to share the information with the internship agency. Prior to SAC sharing any information regarding a felony conviction with outside agencies, a release of information must be signed by the student allowing the school to share the information.

Evidence of the nature of the charges should be provided to the BSW program at the time of program application and prior to field placement, in order to advise the student appropriately regarding field placement agencies and career options. If felony charges occur while the student is in the BSW program, the student is required to immediately provide evidence about the nature of the charges and may be suspended from the BSW program until information is received to assure safety.

The social work program will make every effort to help students select and obtain a field placement to complete the BSW program. However, the program cannot guarantee a field placement for students with a felony conviction. The BSW program will provide support to the student while she/he is searching for a field placement. It is the student's responsibility for locating an appropriate field placement and seeking out the support provided by the BSW program while finding a field placement. Students cannot get the BSW degree without completing the required field practicum.

Students who have had past felony convictions are advised to seek legal help to have their felony record expunged if possible because of the barrier it can create.

BSW Restrictions

- Students who are awaiting trial for a felony charge, and those currently serving time under house arrest for a felony, are not eligible to start the field practicum until the trial is completed or the sentence is served and documentation of fulfillment of the sentence is provided by the court.
- The student must grant permission to the school to receive copies showing the nature of the charges and the terms of parole for students still mandated to see a parole officer for a felony charge. A release of information form can be requested by the Social Work Department.
- Because all St. Augustine College sites have offered childcare in the past and may in the future, individuals that are registered as sex offenders will not be admitted into the program.
